PROFESSIONAL SUMMARY

Detail-oriented Advanced Excel & MIS Executive with practical experience in Advanced Excel, Payroll Automation, MIS Reporting and Power BI. Proven experience in developing automated payroll systems and interactive dashboards.

CORE SKILLS

Power BI	Microsoft Excel	Advanced Excel	Pivot Tables	Power Query	Payroll Automation
MIS Reporting	Macros	Data Validation	VLOOKUP	SUMIFS	COUNTIFS

KEY PROJECTS

Automated Payroll Management System

- Built a fully automated payroll system managing 50 employees using Advanced Excel.
- Engineered automated workflows for Attendance & Leave Management.
- Automated calculations for Overtime (OT), Bonuses, Increments, and month/employee-based salaries.
- Streamlined Advance & Loan EMI recovery and automated Payslip generation.

Power BI Dashboard Projects (12+ Projects)

- Designed and deployed an interactive **Financial Dashboard** to track KPIs and revenue metrics.
- Developed an **IPL Analytics Dashboard** and an **E-Commerce Dashboard** using Power BI, SQL, DAX, and Power Query to deliver data-driven business insights.

EXPERIENCE

Caretaker - Welfare Center | *Darri, Korba (CG)*

- Administered record management and maintained accurate daily documentation.
- Leveraged MS Excel for robust data management, tracking, and reporting.
- Handled administrative and computer-based office operations efficiently.

ACHIEVEMENTS

- Successfully developed and deployed a 50-employee Automated Payroll Management System in Excel.
- Completed and showcased 10+ end-to-end Power BI Dashboard projects.
- Designed and published a live personal Portfolio Website to highlight technical expertise.
